Description:

TRONTEQ ROQSTAR 8-PORT POE ITxPT FAST ETHERNET SWITCH M12 UNMANAGED

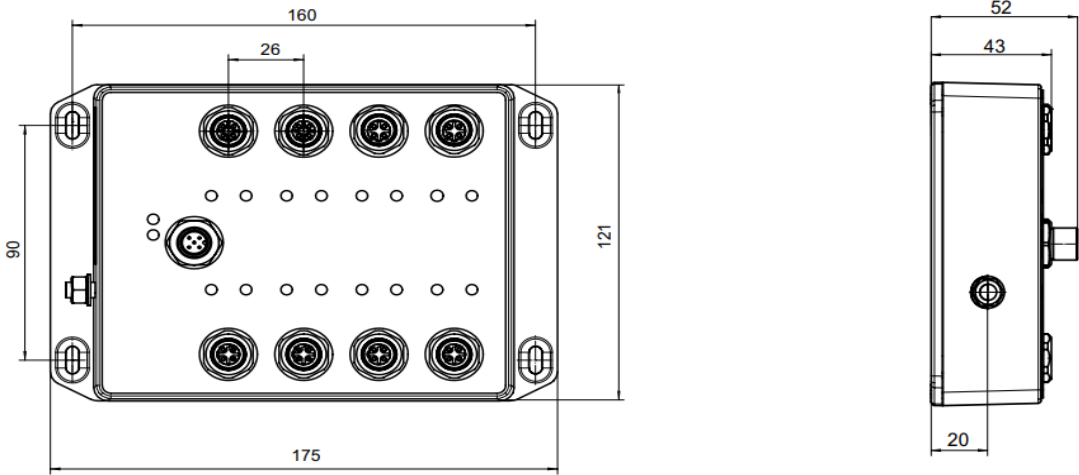

Specifications

Manufacturer	TRONTEQ Electronic
E-certification no.	E1 10R-05 8028
R118.03	03 0168
CE-compliant	Yes
Country of origin	Germany
Weight	0,550 Kg (net) 0,602 Kg (gross)
Material	Metal, plastic (asbestos free)
Operating power range	9,9 - 60V
Power consumption (max)	5,0W
Operating temp. range	-40 °C (min) 70 °C (max)
Network Connector	M12 D-coded female 4-pin, 8 x 10/100Mbps
Power-connector	M12 A-coded male

Description: TRONTEQ ROQSTAR 8-PORT POE ITxPT FAST ETHERNET SWITCH M12 UNMANAGED

PoE features	
PoE/PoE+ ports	8
Operating voltage	16...52 VDC, polarity protected
Rated PoE power	62 W total
Max. PoE power one port	30 W
PoE standars	IEEE 802.3af, IEEE 802.3at
Power supply input	V1 only
PoE classes	PoE Class 0, 1, 2, 3, 4
Total power consumption	at PoE full load: 80W

Title: Notification max torque for Ground / Chassis bolt of ROQSTAR Switches

Description: To properly install the Gound / Chassis please make sure the nut is tightened with no more than 1.5 Nm.
